D303 Proposes Middle School Building Improvements

District 303 Administration is proposing a plan to the Board of Education that will improve the District's middle school facilities by upgrading Thompson and Wredling Middle Schools. If approved by the Board, the plan would modernize and expand Thompson and Wredling Middle Schools. When the improvements are completed in the Fall of 2019, District Administration estimates the closing of Haines Middle School will result in an operational savings of \$2.4 million per year. The estimated cost of the middle school improvements is \$50 million and would be paid for through a combination of existing funds and the issue of bonds that do not require a referendum. Details of the District Administration plan will be presented to the public at the following meetings:

- Monday, October 24 Wredling Middle School 7 p.m.
- Tuesday, October 25 Thompson Middle School 7 p.m.

These meetings will contain the same content and may be attended by anyone in the community who wishes to attend at their convenience.

The Board of Education will consider the middle school plan at the following meetings:

- Thursday, November 3 BOE Special Meeting TBA
- Monday, November 14 BOE Regular Meeting 7 p.m. at North H.S.

All meetings will be held in the Board Room of the District 303 Administration Building, 201 South 7th St., St. Charles IL 60174 unless otherwise noted.
